EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

This application is in condition for allowance except for the presence of claim 8 non-elected without traverse. Accordingly, claim 8 has been cancelled.

The following is an examiner's statement of reasons for allowance:

Claims 1-2 are allowable over the prior art because the Declarations under 37 CFR 1.131 by each of the six joint inventors have been submitted to show that all of the joint inventors conceived and reduced to practice the subject matter of the present invention before April 7, 2002 . Applicants are also enclosing another copy of the University of Dayton Research Institute Technology Disclosure signed by all of the inventors.

Since claims 1-2 are allowed then a search is further expanded to non-elected species such as species of claims 3, 4, 5, 6 and 7 but no prior art has been found.

Claims 3-7 are also allowed. See *In re Spiller*, 500 F.2d 1170, 182 USPQ 614 (CCPA 1974), MPEP 715.03.I.A.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany

the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Duc Truong whose telephone number is 571-272-1081. The examiner can normally be reached on Monday-Friday.
